

## ASCENSION LUTHERAN SCHOOL

Dear Friends,

Ascension Lutheran School is seeking your help and support in the form of donations for our Annual Dinner Auction. Our mission at Ascension is to provide academic excellence in a caring Christian community. It is our objective to provide this education at a reasonable price so that we can reach as many families as possible. We have been successful in our mission thanks to the grace of God, the commitment of our teachers, the support of our church, the dedication of students' families and the generosity of people such as you.

The primary way we supplement our tuition is through our Annual Dinner Auction. Funds raised at this event are dedicated to the vitality of our school, campus improvements and to expanding our enrichment programs.

Our Dinner Auction is being held on April 17, 2010 at Saticoy Country Club. We hope that you will consider helping Ascension Lutheran School continue to thrive with your support. Most recently, Auction support has enabled us to upgrade our educational and enrichment programs, provide financial aid and scholarships, and keep our technology department current. Every child benefits from the generosity of your donations.

We ask you to please consider making a tax-deductible donation of merchandise, service, gift certificates, tickets, or a monetary donation to our Auction. Each gift is unique, and produces positive results at the auction tables. Throughout the year we will be asking the staff, students, and parents to patronize your business. We publish your donation items as well as your company name in our Auction Catalog that is viewed by approximately 150 Ascension families. Advertising and sponsorship opportunities are also available.

Please feel free to contact our school offices at (805) 496-2419 for further information concerning the Auction for Ascension Lutheran School. An auction representative is available to pick up a donation if needed. We sincerely appreciate your consideration and voluntary support of our Auction.

Respectfully,
